

AFIF BIN AKRAM

Computer Science and Engineering Graduate

afifbinakram1017@gmail.com · +8801343880221 · Chittagong, Bangladesh

SUMMARY

Computer Science and Engineering graduate with practical experience building and shipping full-stack web and desktop applications using React.js, Django, and Rust via Tauri. Demonstrated ability to design, develop, and deploy end-to-end products independently. Strong foundation in data structures and algorithms, relational databases, and version control. Eager to contribute to real-world software engineering projects and continue growing as a developer.

SKILLS

Programming Languages	JavaScript (ES6+), Python, SQL, Rust
Frontend Development	React.js, HTML5, CSS3
Backend Development	Django, REST APIs, MySQL
Tools and Platforms	Git, GitHub, Vercel, Neon (Serverless PostgreSQL), Linux
Computer Science	Data Structures and Algorithms, Object-Oriented Programming

PROJECTS

AlgoSort — Algorithm Visualizer and Learning Platform 2025

React.js | JavaScript | Vercel

- Developed a React.js single-page application that teaches data structures, algorithms, and competitive programming math through interactive step-by-step visualizations.
- Implemented animated walkthroughs of sorting and search algorithms to support visual learners and students preparing for technical interviews.
- Deployed on Vercel with continuous delivery.
- Live: algosort.vercel.app

TypeHue — Desktop Font Manager and Color Palette Tool 2026

React.js | Tauri (Rust) | Neon (PostgreSQL) | Vercel

- Built a cross-platform Windows desktop application using Tauri (Rust) as the native shell and React.js for the UI, resulting in a lightweight binary with minimal dependencies.
- Implemented font browsing and color palette management features with data persistence via Neon serverless PostgreSQL.
- Live: typehue.vercel.app

CalcHub Premium — All-in-One Productivity Calculator Suite 2026

React.js | JavaScript

- Designed and built a comprehensive web application featuring over 80 precision calculation tools spanning finance, engineering, health, and mathematics.
- Focused on consistent user experience across all tool categories with a clean, responsive interface.
- Live: calchub.vercel.app

Personal Portfolio Website 2025

React.js | Vercel

- Designed and deployed a personal portfolio website showcasing projects, skills, and contact information.
- Live: portfolio-gamma-six-83.vercel.app

EDUCATION

North South University — Dhaka Sep 2025

Bachelor of Science in Computer Science and Engineering
GPA: 3.35 / 4.00 (87%)

Ispahani Public School and College — Chittagong, Bangladesh Apr 2019

Higher Secondary School Certificate (HSC) — Science
GPA: 5.00 / 5.00
